DoorDepot – Vinyl Kitchen and Bedroom Door Range

We can supply a fabulous range of kitchen and bedroom replacement doors, handles, and ancillaries at fantastic prices.

There is no need to replace your entire kitchen at many thousands of pounds in cost and incur weeks if not months of disruption. You simply remove the old doors and replace with new ones – the average kitchen may take only a day or so. Your existing kitchen carcasses remain.

There are hundreds of door combinations (50 colours, 30 options!) to choose from that will appeal to everyone's taste. Most kitchens have standard size doors and special sizes can be manufactured as "made-to-measure" All doors and drawers have rounded corners for safety and are manufactured on computer controlled high specification machinery using the highest quality materials.

How do I order?

- Choose the type and style of the door either in the showroom or from the colour brochure. Remember that most colours of the doors come in almost all styles and designs. We can request sample doors for you if you wish at a small charge (currently £50.00), refundable in the event that you place an order.***
- Choose the handle(s) or door knob(s) from our selection in the showroom or our colour brochure (available on request)***
- Measure all of your doors and drawers at home, compile a list and either bring into the showroom or e-mail.***
- Make a note of any ancillaries that you require like cornices, pelmets, wine rack fronts, Open wall Units and End Panels etc.***
